CYOP Systems International Inc. (NASD OTCBB: [CYOS.OB](http://www.cyos.com)), a provider of online gaming software and operator of games portals, announced today that it has executed an agreement with Action Poker Gaming Inc., to license their online poker system.

The software includes classic poker games of Texas Hold’em, Omaha and 7 Card Stud, as well as favorites such as Omaha Hi. Players will be able to pick from ring game action, daily tournaments with entries to the World Poker Tour, the World Series of Poker and all the major events.

Under the terms of the agreement, APG will be integrating the software at TenSeatPoker.com and will also be supplying CYOP with Chinese cash play versions of the software later in 2006.

The TenSeatPoker.com poker software built by CYOP in 2005 is still to be used for its Chinese partner’s play for fun site.
