NEWS RELEASE

Jackpot Receives GLI Certification for Jackpot Blitz™

VANCOUVER, BRITISH COLUMBIA November 15, 2018 – **Jackpot Digital Inc.** (the “Company” or “Jackpot”) (TSX-V: JP) (TSX-V: JP. WT) (US OTCQB: JPOTF) (Frankfurt & Berlin Exchanges: LVH1). Jackpot is pleased to announce that the Company has received official notification and the Certification Document from Gaming Laboratories International (“GLI®”) that the Jackpot Blitz™ Electronic Table Game (“ETG”) platform is compliant with the requirements of GLI-24 and the National Indian Gaming Commission’s Class 2 Gaming Systems standard. Jackpot Blitz is also compliant with the applicable requirements from GLI-12, GLI-13, GLI-16 and GLI-21.

This GLI certification verifies that Jackpot Blitz™ complies with regulatory standards for numerous gaming jurisdictions in North America and worldwide. This GLI approval also allows Jackpot Digital to pursue second phase product approvals with regulatory licensing jurisdictions which require their own proprietary product certification standards or internal lab testing.

“GLI tests and certifies new gaming technology such as Jackpot Blitz™ to the highest standards of quality,” explains Salim Adatia, GLI’s Vice President of iGaming & Canadian Services. Mr. Adatia added “The GLI Standards Series comprise a set of base technical standards for gaming devices and systems around the world. Compliance with GLI’s standards ensure Jackpot’s electronic table game systems are fair, secure, able to be audited, and operate correctly.”

Mr. Jake Kalpakian, Jackpot President and CEO, states “This certification of our Jackpot Blitz™ is a momentous development for Jackpot Digital. We have agreements in place with several land-based casinos which are contingent on this GLI certification and this certification allows us to proceed with those Jackpot Blitz installations. Furthermore, with our GLI certification now in place, the Company can pursue many more new opportunities and markets. The GLI testing process has been comprehensive and informative. Through the process we have been able to optimize the product for the global market. We are extremely excited about our future.”

About GLI® (Gaming Laboratories International)

Gaming Laboratories International (GLI®) is the world’s largest and most experienced independent testing laboratory delivering the highest quality land-based, lottery and iGaming testing and assessment services. Their laboratory locations are found on six continents, and the company holds U.S. and international accreditations for compliance with ISO/IEC 17025, 17020, and 17065 standards for technical competence in the gaming, wagering and lottery industries.
